ESSENTIAL SKILLS

Essential Skills are the skills workers need for work, learning and life. They provide the foundation for learning all other skills and are the cornerstone of lifelong learning.

Without adequate Essential Skills, workers won’t be able to take more training, learn that new procedure, or communicate ways to improve the processes in their area.

They are the skills workers need to keep up and move forward in the workplace.

THE NINE ESSENTIAL SKILLS ARE:

• Reading Text
• Document Use
• Numeracy
• Writing
• Oral Communication
• Working with Others
• Computer Use
• Continuous Learning
• Thinking Skills
