

08 How to Judge Online Information

Protecting your computer from Internet Threats

If you're looking for information, the Internet has a lot of it. The problem is, you can't trust every website you find. You'll need to evaluate each website to decide whether it's reliable. We'll go over some skills to help you do that

Click the link below:

-  Read the webpage and do the **Try This!** at the bottom of the web page. Then answer the questions about **“Try This!”** in the quiz.
