

HR Toolkit for Small Businesses

Recruit, Assess, Hire and Evaluate Employees

Outcomes Related to HR Toolkit for Small Businesses:

- Increased retention
- Quicker on-boarding time
- Increased ability to train and evaluate work teams
- Skill gain across work teams
- Succession Planning

Many small and medium-sized businesses struggle to balance the expense of onsite human resources personnel with unpredictable workforce needs, production and sales schedules, and irregular cash flow. Having a business owner, supervisor or another workplace designate trained to be able to manage some of the day-to-day recruiting, hiring and retention tasks is a viable and cost-effective solution.
